

The National Tax Limitation Committee has awarded **Congressman John Campbell** their Tax Fighter Award.

In presenting the award, Committee Founder and President Lewis K. Uhler said, "**John Campbell**

has led the battle on behalf of taxpayers to stop the passage of ObamaCare and cap-and-trade legislation, to make the 2001 and 2003 tax cuts permanent, to eliminate the death tax, to kill the Alternative Minimum Tax, to provide incentives for private savings, investment and job creation and to control the growth of federal spending."
